

# 13. Coupons

Create coupons for great marketing campaigns or just give aways.

1

The coupon area will give you the option to create coupons for marketing campaigns or give aways

2

All created coupons will be shown here.

3

The table will show all created coupons. With a click on the title or edit button you will be forwarded to the manage coupon form.

## 13.1 Manage Coupons

Add or edit coupons for great marketing campaigns.

4

Select a location where the coupon will be valid.

5

The coupon code.

6

You can either select a package to be free or give a discount in percentage with the input field "Discount".

7

Select how many coupons you want to allow. By standard 100 coupons are set.

8

Set a date from till the coupon is valid.

9

Select a package (see section 14) to apply the coupon. You can select more than one by pressing control on your keyboard or you can select "All".
