

# 13. Envato Products

1

Quick Statistics about your Envato Products. It contains a Total, total and last changes.

2

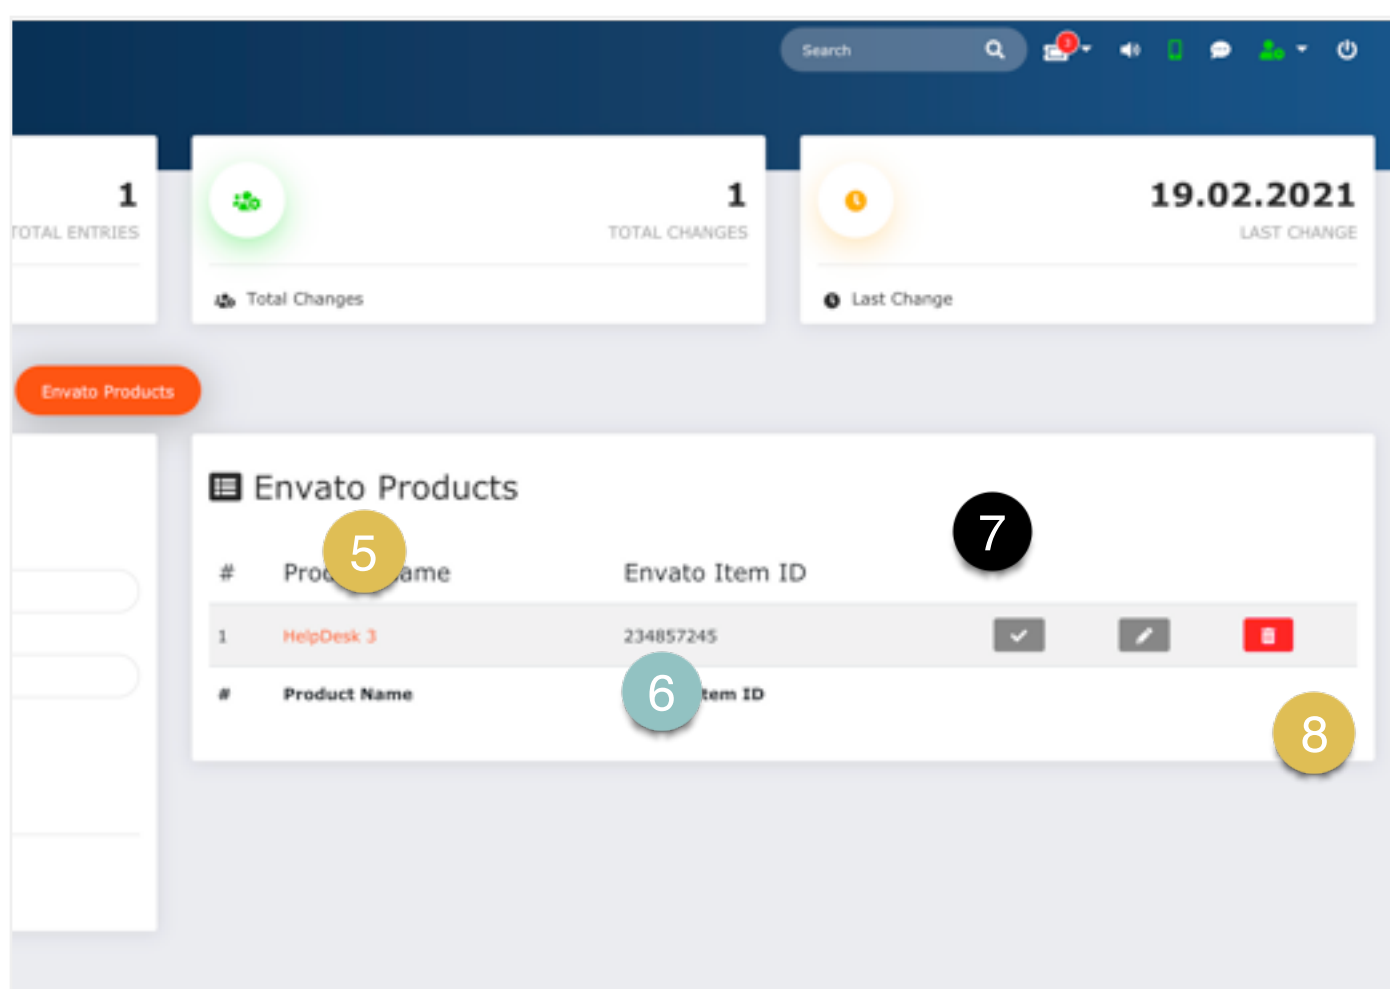

Quick navigation for Paid Subscriptions, Billing Packages and Envato Products.

3

Create a new Envato Product with the provided form. There are no limits on how many products you create. For your clients to register their purchases it is necessary the product exists and is listed the table (see number 4).

4

All existing Envato Products (yours) are listed in this table.

5

Edit your Envato Product by clicking on the title or on the edit button (pencil).

6

Your Envato Item ID is listed here. Your Item ID can be found when you visit your item on Envato.

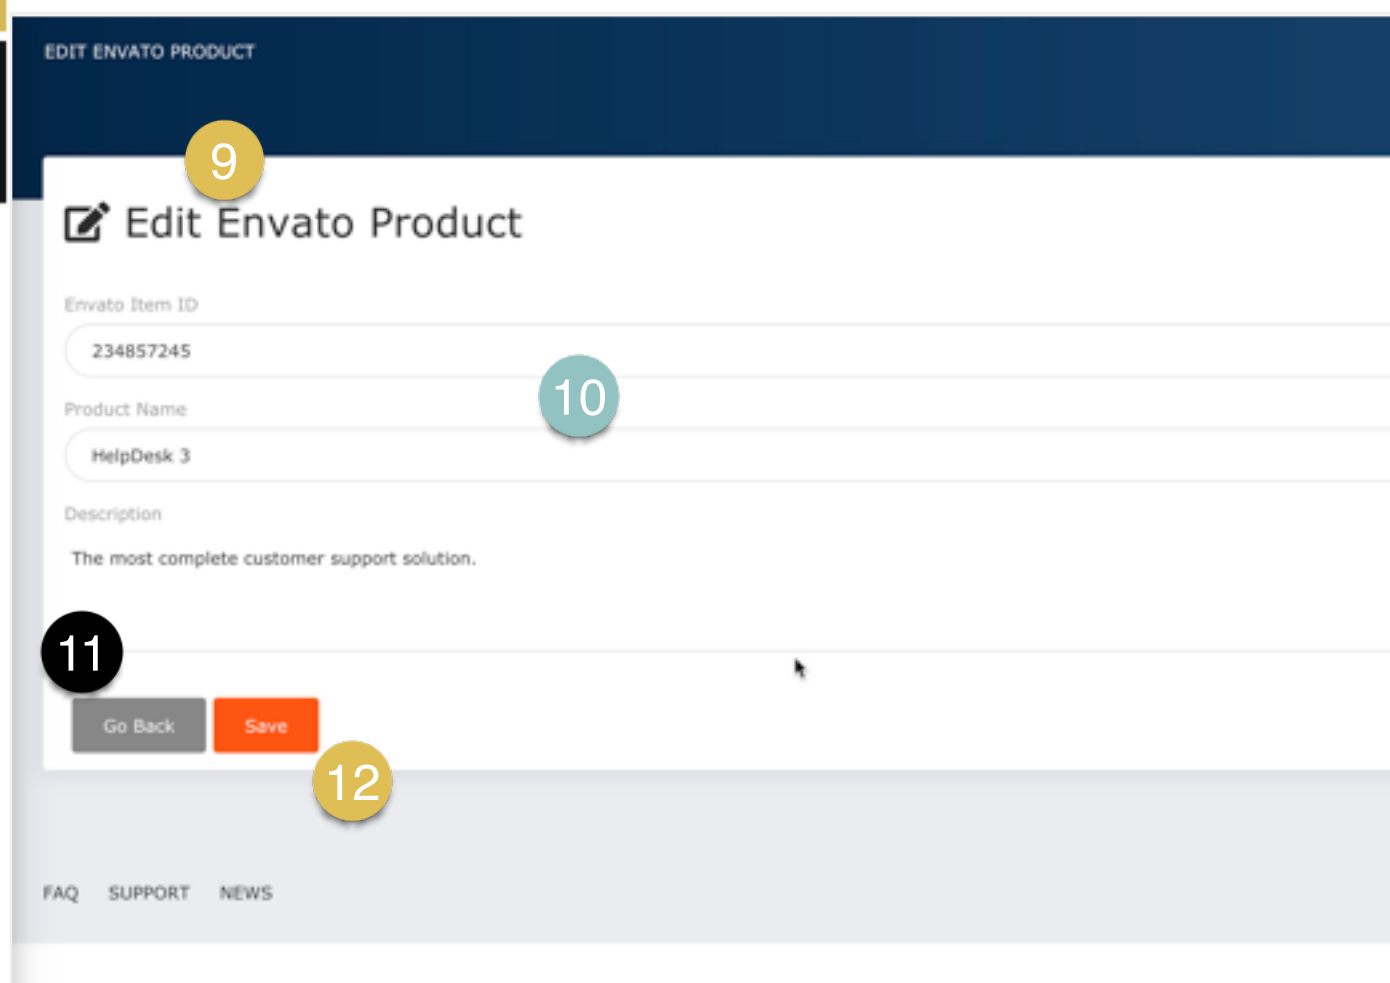

7

Here you can deactivate or activate a Envato Product. A "Check" means the package is activated, a "Lock" means the package is inactive.

8

Delete your Envato Product with the "Red Delete Button". Please note your customer won't be able to register this product.
